College leaders blast Romney plan

By CHERYL B. WILSON
Staff Writer

Tuesday, March 25, 2003 -- HOLYOKE - The battle was officially joined Monday on Gov. Mitt Romney's proposed reorganization of higher education. At a press conference at Holyoke Community College, the presidents of four local colleges decried the "cookie cutter" concept of campus administration they said is inherent in the governor's proposal.

Teen addiction

By JODIE KIRSHNER
Staff Writer

Tuesday, March 25, 2003 -- Sally and Wilfried Malsch of Amherst remember their 26-year-old son, Christian, as a young man with a dream.

CAROL LOLLIS photo

A graphic arts student at the University of Massachusetts at Amherst, Christian planned to develop an Internet company devoted to selling art. He had designed a series of Web pages and was preparing to register a domain name.

Siv fires up Easthampton

By AMY JO GRIESERT, Staff Writer

Tuesday, January 7, 2003 -- HADLEY - Easthampton senior captain Teana Siv did it all Monday night. She scored, passed and, most important, led her team.

[E-mail this article to a friend](#)

But for the first half of the Eagles' girls basketball game against Hopkins Academy, she got little help.

With her team down six at halftime, Siv talked to her team about stepping it up and the Eagles' took her words to heart en route to a 65-48 win.

"We were extremely lethargic (in the first half), just not on yet. We hadn't gotten it together," Easthampton coach Amanda Zedonis said. "So we went in at halftime and for the most part, one of my seniors talked, Teana Siv, and said 'We need to go out there, we need to do what we're capable of, everybody needs to step up,' and they came out and they did it. They raised it to another level in the second half."

Siv scored 17 points, had 11 rebounds, eight assists, five blocks and four steals for Easthampton (3-2).

"Teana is a very important player on this team. She's our captain and she's one of the best captains I think I've seen ever," said Easthampton junior Dominique Finkley, who finished with a team-high 19 points and 16 rebounds. "She's our leader on this team and she had a couple of words to say to all of us in the locker room and I think that's what made us step it up in the second half."

Finkley was the first to get it going for the Eagles in the second as she grabbed an offensive board and was fouled as she scored the putback. She sunk her free throw to complete the three-point play as Easthampton went on a 7-0 run to take the lead (30-29) with 14 minutes, 21 seconds left. It was the first Eagles' lead since they were ahead 5-4.

Once the shots started to fall for Easthampton, they didn't stop. The Eagles scored 18 points in a span of five minutes in the second half, including four 3-pointers to expand their lead (54-38) over the Golden Hawks (3-3).

"They shot the lights out in the second half," Hopkins Academy coach Glenn Cooke said. "I mean, how many 3-pointers did they have in the second half? I don't even know."

Senior Caroline Zoltowski scored all 12 of her points in the second half on four 3s.

"The shots started to fall, especially with Caroline after a week in Florida," Zedonis said. "She was gone all last week and this is her first game back, so I think I'm going to send her there more often."

Easthampton outscored Hopkins, 42-19, in the second half, but the first was a different story.

After the Eagles scored the first two baskets, the Golden Hawks went on a 15-0 run. With 10:50 left in the first half, sophomore guard Katie Sylvain (nine points) stole the ball and went the distance for the fastbreak layup to cap the Hopkins' run and make the score 15-5.

But the Golden Hawks couldn't shake the Eagles and twice in the half Easthampton pulled to within three points.

With less than two minutes to go in the first half, sophomore forward Lauren Sylvain hit a 3 from the right side to give Hopkins a 10-point cushion (29-19). She led the Golden Hawks with 19 points.

But Siv and Finkley each scored a jumper in the final minute for Easthampton to narrow Hopkins' lead to six (29-23) at intermission.

"We gave them back a couple of easy baskets at the end of the first half," Cooke said. "I thought that was *big because instead of being up 10 at halftime, we were only up six. And then they scored the first six or eight points of the second half and the next thing you know we're playing catch-up, and we play much better with the lead than playing catch-up.*"

Amy Jo Griesert can be reached at Agriesert@gazettenet.com.

Easthampton fire contained in house attic

By **DAN CROWLEY**, Staff Writer

Monday, February 10, 2003 -- EASTHAMPTON - A fire ravaged the attic of a two-family apartment house at 14 Center St. Saturday, displacing tenants and causing an estimated \$50,000 in damage, according to a fire official.

An initial investigation revealed that the fire, which broke out in the early afternoon, was caused by an electrical malfunction, possibly in a lamp or other types of lighting, according fire officials.

A state fire marshal was called in to investigate.

Deputy Fire Chief Kevin Croake said today that police and firefighters were notified of the blaze by a passerby about 1 p.m. who came to the Public Safety Complex to report the smoking building to dispatch.

Police arrived at 14 Center St. to find a total of four people in the apartments, none of whom were aware that a fire was spreading in an attic space above them, firefighters said.

The residents were evacuated without injury and told local officials on Saturday that they had made arrangement for places to stay, Croake said.

City resident Mai Stoddard is the owner of the building. She could not be reached for comment today.

Croake said the firefighters kept the fire contained to the attic but had to knock down

the roof, which had three layers of wood and asphalt shingles. Firefighters, who were on the scene for three hours, used two pumpers to fight the blaze, he said.

"There were a lot of combustibles," said Croake, noting that the fire blew out an attic window, while heavy smoke poured out of the building's eaves.

"Fortunately, it stayed in the attic."

Croake said the building suffered water, smoke and electrical damage. Firefighters also used salvage tarps on the second floor to prevent further damage to the occupants' belongings.

Dan Crowley can be reached at dcrowley@gazettenet.com.
